

Directional Antenna**Frequency- 400MHz to 6GHz****RF INNOVATE****YOU SHARE. WE DELIVER****KEY FEATURES**

- 1) Designed for Commercial Applications
- 2) Suitable for Outdoor applications
- 3) High Power Handling Capacity
- 4) Low profile Design
- 5) Low loss, High Gain
- 6) Ingress Protection - IP 57

Parameter	Description
Frequency Range	400MHz to 6GHz
Gain (max)	12dBi
Polarization	RHCP
Radiation Pattern	Directional
Mounting Options	Both standard/Custom Available
Connector Type	SMA / N-Type
Construction	Fiberglass
Environmental Specifications	Operating temperature range: -20 to +50°C
Electrical Specifications	Input Impedance:
	HPBW: 70° / 80°
Application Examples	Directional broadcasting and signal detection.
Ordering Information	- Part Number: RFI-DA-4006
	- Mounting clamps (optional)
Warranty and Support	- Warranty Period: 1 year
	- Support: 24*7 available
