

UWB HORN ANTENNA**Frequency- 2GHz-12GHz****RF INNOVATE****YOU SHARE. WE DELIVER****KEY FEATURES**

- 1) Designed for Commercial Applications
- 2) Suitable for Outdoor applications
- 3) High Power Handling Capacity
- 4) Low profile Design
- 5) Low loss, High Gain
- 6) Ingress Protection - IP 57

Parameter	Description
Frequency Range	2GHz
Gain (max)	12.7 dBi
Radiation Pattern	Directional
Polarization:	Linear
Mounting Options	Both standard/Custom Available
Connector Type	N Connector
Construction	Aluminium
Environmental Specifications	Operating temperature range: -20 to +50°C
Electrical Specifications	S ₁₁ : always below -10 dB
	HPBW: 70° / 100°
	SLL: Always better than 10 dB
Application Examples	Point to point communication
Ordering Information	- Part Number: RFI-HA-0002
	- Mounting clamps (optional)
Warranty and Support	- Warranty Period: 1 year
	- Support: 24*7 available
